

# PRESSURE WASHER

- Pressure washers designed for industrial use
- This unit has pumps manufactured from forged brass with hardened stainless steel pistons
- The Total Stop/Start feature stops the pump from running when the units are not in use (spraying) and automatically starts the pump with a pull of the trigger
- The Vario Nozzle adjusts the spray from a fan to a pencil jet for a wide variety of cleaning needs
- The Dirt Killer Nozzle rotates a pencil jet spray on an axis creating a radius with tremendous cleaning ability
- Quick Release stainless steel fittings ensure secure connections between the gun and the lance and unit has onboard storage for both
- A 50' hose and increased gallons per minute, make the K 1122 TST perfect for industrial applications

K 1122 TST

## MODEL

## K 1122TST

### Pump

Brass, Triplex Piston

### Pressure

1,400 psi

### Motor

1.5 Hp, 12 Amps

### Volume

2.1 gpm

### Max. Temperature

140° F

### Power Cord

23'

### Weight

70 lb

### Pressure Hose

50'

### Includes

Gun w/ Lance, Vario Nozzle,  
Dirt Killer Nozzle
