INDUSTRIAL SWEEPERS

POWER THAT FITS EVERY FLOOR

Industrial sweepers clean faster and more thoroughly than manual sweeping, clearing dust, dirt, and debris from spaces of every size. From compact workshops and loading bays to factories, warehouses, and parking lots, there's a sweeper built for the job. Robust brushes and generous debris hoppers mean less time cleaning and more time working, along with safer floors, lower maintenance costs, and facilities that look their best.

NC 3

Walk-Behind Sweepers

This easy-to-push sweeper is perfect for various terrains, with height-adjustable sweeping that adapts to different ground conditions. Its 26-inch sweeping width, paired with two side brooms, ensures no corners or edges are left untouched. Capable of eliminating debris like metal shavings, nails, paper, leaves, and beverage cans, it offers a versatile solution for cleanup. With a 10.5-gallon capacity, this sweeper is designed for efficiency and convenience.

Sweeping Width (Total)	26”
Sweeping Width (Main)	18”
Number of Brooms	2 brooms
Capacity	10.5 gal.

HIGHLIGHTS

- Easy to push and can be easily moved up and down stairs.
- Eliminates metal shavings, nails, paper, leaves, and beverage cans.
- Corners and edges are no problem. Height-adjustable sweeping allows the it to be adjusted to different ground conditions.

Ride-On Battery Sweeper

Compact and easy to manoeuvre, this sweeper goes where bigger machines can’t. It tackles indoor and outdoor surfaces with ease, gliding through narrow aisles and tight paths to keep every corner clean, day in and day out.

Sweeping Principle	TRS
Drive Type	Electric 24V
Max. Runtime	210 min
Sweeping Width (w/ Two Side Brushes)	40"
Dirt Container Volume	2 x 8 gal.
Max. Travel Speed	6 km/h - 4 mph
Max. Climbing Ability	12 %
Filter Area	2.5 m^2 - 27 sq.ft.
Filter Cleaning	Electric
Filter Class	M
Batteries	2 x 12V - 105 Ah Gels
Dimensions (L x W x H)	47” x 31” x 45”
Empty Weight (Ready for Operation)	540 lbs.

HIGHLIGHTS

- Dust extraction keeps fine dust out of the air while you sweep, so the space stays cleaner and more comfortable for everyone working nearby.
- Solid rubber tires never go flat, which means less downtime, no punctures to fix and a smooth, quiet ride on any surface.
- LED front light brightens the path ahead, making it easier and safer to clean in dim warehouses, car parks or early morning shifts.
- Swivel side brushes reach right into corners and along edges, picking up debris in a single pass so there’s no need to go back and finish by hand.
- Tandem Roller System (TRS): Features two counter-rotating brush rollers that effortlessly collect both fine dust and bulky refuse (up to the size of large beverage bottles or cans).
