PRODUCT KEY

Lithium-ion

NX300 Batteries have a cycle life of 2,500+ cycles, far exceeding the industry standard. Interchangeable across our NX300 lineup, our “one battery, one charger, one system” solution offers convenience along with performance.

Electric Products

Delivering fast, consistent cleaning, our electric products are ideal for those seeking a more economical option. They provide operators with the power and performance needed to get the job done right.

Sustainable Products

Longer-lasting batteries reduce waste and material consumption. Our products, featuring NX1K Lithium Phosphate and Lithium-ion Technology, offer a more sustainable solution by minimizing environmental impact and maximizing efficiency.

Why NaceCare

Whether you're cleaning a hotel, an office tower or a healthcare facility, NaceCare Solutions has you covered. You need a partner who understands the daily operational challenges to managing your business. Whether it's maximizing your labor spend or managing costs, a partnership with NaceCare can help you reach your business goals. We are the leader in small space cleaning with nearly 40 years of selling the world's top cleaning equipment. Our soft and hard floor care programs are anchored by the most innovative and efficient products on the market.

UPRIGHT, ALRIGHT!!

Powerful Performance, Superior Filtration, and Ultimate Versatility

Designed for cleaning professionals, our line of upright vacuums deliver exceptional performance across all floor types. Choose from four models to find your perfect vacuum. Opt for a 12" or 15" power head for ideal coverage and efficiency. Select a standard upright for classic power or a swivel head for superior maneuverability around furniture and tight spaces.

Optional accessory tools and wand available for tackling any cleaning job.

KEY FEATURES & BENEFITS OF ALL MODELS

High-Performance Cleaning

With deep cleaning two-motor vacuum power and S-Class filtration, the upright ensures maximum soil recovery, keeping dust and allergens securely in the bag.

Ultra-Quiet Operation

The hospital-grade exhaust microfilter wrap absorbs motor noise, making this one of the quietest vacuums in its class—ideal for noise-sensitive environments.

Multi-Surface Versatility

Brush height can be adjusted for carpet and hard floors.

Ultra-Low Profile

With a slim 6-inch profile, cleaning under furniture and beds is easier than ever.

Why an Upright?

Upright vacuums offer powerful cleaning, wide coverage, and easy maneuverability. With advanced filtration and durable design, they provide efficient, reliable performance for any space.

OTHER BENEFITS OF NACECARE UPRIGHTS

Maneuverability

Helps make navigating around furniture and in tight spaces easy.

Hassle-Free Maintenance

No tools required for quick and easy brush changes.

Adjustable Brush Height

Ensures optimal cleaning performance on various carpet types.

Exhaust Microfilter Wrap

Improves filtration with large surface area filter.

Smart Alerts

Green and red lights warn of brush setting issues, clogs, or a full bag.

What is S-Class Filtration?

NaceCare upright vacuums are equipped with S-Class, hospital-grade filtration. S-Class Filtration is a European standard comparable to the term "HEPA".

However, unlike the HEPA standard, S-Class Filtration requires:

Three stage, hospital-grade filtration that filters 99.9% of particles down to 0.3 microns

An electrostatic filter using charged microfiber

No air leakage in the vacuum

Efficient top-fill bag

BUILT FOR RIGOROUS USE, THEY'RE PERFECT FOR HIGH-TRAFFIC SPACES

Offices

Healthcare Facilities

NACECARE

SOFT FLOOR CARE SOLUTIONS

Discover why our clients choose NaceCare vacuums time and again.

Our equipment has an exceptional and long-standing reputation for their performance, reliability and efficiency. Designed with the operator, the environment and your cleaning standards in mind, our vacuums have helped maintain cleaner, healthier buildings for almost 40 years.

Advanced Innovative Technology

NaceCare has significantly improved the industry's leading canister and backpack vacuums by recovering more soil, doubling the life of the motor, reducing noise levels and delivering material savings in energy costs.

20% More Soil Recovery

What does it mean to recover 20% more soil? It means buildings are cleaner, floors look better, indoor air quality is improved and carpets last longer.

A Sustainable Approach to Cleaning

NaceCare canister vacuums use 40% less energy than other brands – without losing power or performance. CRI approved and LEED-B compliant, our canister vacuums reduce energy costs without sacrificing cleanliness or carpet appearance. A true win-win.

The Quietest Vacuums on the Market

Our canister vacuums are now 49 dB(A) and our battery vacuums are 49 dB(A), making them the quietest on the market. This means you can clean during daytime or busy hours, with less disruption to building occupants or residents.

Longer Motor Life

Behind every great vacuum is a great motor – and NaceCare leads the industry in motor life. In fact, Henry's motor life is almost 4X longer than an upright and 2X longer than most canisters and backpacks.

At 2,000+ hours of motor life, this machine lasts longer, delivers less down time and ultimately reduces the overall cost of operation. With a 5-year motor warranty, we proudly stand behind what powers our equipment.

PPR 240 HENRY

Electric Canister Vacuum

The PPR 240 Henry is the world's most recognized canister vacuum. An efficient and high-performing vacuum, the Henry comes with a 2.5-gallon tank. Everybody loves Henry!

Filtration	0.3 micron @ 99.97% efficiency
Working Capacity	6,000 sq. ft./hr
Soil Recovery	84%
Noise Level	49 dB(A)
Weight	15 lbs
Capacity	2.5 gal.
Motor	680 W
Motor Life	2,250 hrs
Water Lift	100"
Airflow	120 cfm
Power Cord	33'
Tank Construction	Polypropylene
Dimensions (W x L x H)	14.96" x 14.96" x 21.65"

FILTRATION

0.3 micron @ 99.97% efficiency

WORKING CAPACITY

6,000 sq. ft./hr

HIGHLIGHTS

- 2,250-hour motor: With a 5-year motor warranty.
- Excellent soil recovery: With a recovery rate of 84%.
- HEPA certified for non-hazardous environments: 0.3 microns @ 99.97% filtration efficiency.
- Low noise operation: Excellent for daytime cleaning at 49 dB(A).
- Clean hard-to-reach places: With a stainless-steel telescopic wand and accessory tools for above-floor vacuuming.
- Carpet and Rug Institute (CRI) Gold approved: When used with the battery power head.
- Convenient rewind system that stores the 33' yellow safety cord.
- Quick change cord system: Easily unplug and replace the cord as needed.

PPR 240 HENRY

Electric Canister Vacuum

Wand and Tool Docking System

Securely holds accessories for quick and easy access.

On/Off Switch

Conveniently located on top for easy access.

Retractable Cord

Enables fast and effortless cord rewind and quick, easy replacement.

Strong and Durable

Built to last casters.

PPR 380 Canister Vacuum

The PPR 380 is a size up from the Henry, built with the same great features and power, plus a large, 4.5-gallon tank that carries a 10-year warranty.

Filtration	0.3 micron @ 99.97% efficiency
Working Capacity	6,000 sq. ft./hr
Soil Recovery	84%
Noise Level	49 dB(A)
Weight	18 lbs
Capacity	4 gal.
Motor	680 W
Motor Life	2,250 hrs
Water Lift	100"
Airflow	120 cfm
Power Cord	33'
Tank Construction	Structural Foam
Dimensions (W x L x H)	14.96" x 15.16" x 24.61"

FILTRATION
0.3 micron @ 99.97% efficiency

WORKING CAPACITY
6,000 sq. ft./hr

HIGHLIGHTS

- 2,250-hour motor: With a 5-year motor warranty.

RSV 150/150H

Backpack Vacuum

The RSV 150 electric backpacks are compact, convenient, and lightweight, designed for both user comfort and performance. RSV 150H comes with a certified HEPA filtration option.

Filtration	0.3 micron @ 99.97% efficiency (Certified HEPA on H model)
Soil Recovery	84%
Noise Level	52 dB(A)
Weight	12 lbs
Capacity	1.5 gal.
Motor	680 W
Motor Life	2,250 hrs
Water Lift	100"
Airflow	120 cfm
Power Cord	50'
Dimensions (W x L x H)	18.50" x 15.75" x 25.20"

HIGHLIGHTS

- Excellent versatility: Can clean any type of flooring, edges, corners, and even surfaces above the floor.
- Long-life, energy-efficient motor: 2,250-hour motor with 5-year motor warranty.
- HEPA model available: The RSV 150H is HEPA filtration certified, filtering down to 0.3 microns at 99.97% efficiency for hazardous materials.
- Low noise operation: Excellent for daytime cleaning at 52 dB(A).
- Designed to reduce fatigue: With a height-adjustable harness and excellent lower back support.

Discover the NX300 Network One Battery, One Charger, One System

The NX300 Network is transforming commercial cleaning.

The NX300 battery powers 12 different machines under one system – from backpack and canister vacuums to compact scrubbers. Using a single battery and charger system reduces costs and boosts productivity by allowing quick battery swaps between products.

Delivering up to 2,500 charge cycles, more than twice the industry standard, the NX300 is built for the long-haul. Discover a consistent, convenient and powerful cleaning experience!

LITHIUM-ION

THE NX300 LINEUP

NT-Assist

NBV 240NX Battery Canister Vacuum

Powered by the NX300 battery technology, the NBV 240NX can clean up to 10,000 square feet per hour. Compact, convenient, and versatile with a noise level of 49 dB(A), it's excellent for daytime cleaning in public spaces.

Filtration	0.3 micron @ 99.97% efficiency

HIGHLIGHTS

- Cordless performance: Up to 120 minutes of powerful, cordless cleaning thanks to two 60-minute 25.2V lithium-ion batteries that are simple to swap, charge, and replace.
- Pod system technology: A high-efficiency filter pod system makes for easy, hygienic and dust-free emptying.
- Bigger capacity: The Quick compacts dust inside the pod for a 1-quart capacity – bigger than many leading stick vacuums.
- Recycled pods: With the environment in mind, The Quick pods are climate-positive and made from recycled material.

PPR 240H Canister Vacuum

The PPR 240H Henry is the world's most recognized canister vacuum. Now available with a HEPA filter! An efficient and high-performing vacuum, the Henry comes with a 2.5-gallon tank. Everybody loves Henry!

Filtration	0.3 micron @ 99.97% efficiency (Certified HEPA)
Working Capacity	6,000 sq. ft./hr
Soil Recovery	84%
Noise Level	49 dB(A)
Weight	18 lbs
Capacity	2.5 gal.
Motor	680 W
Motor Life	2,250 hrs
Water Lift	100"
Airflow	120 cfm
Power Cord	33'
Tank Construction	Polypropylene
Dimensions (W x L x H)	14.96" x 14.96" x 21.65"

HIGHLIGHTS

- Certified HEPA filtration: 0.3 microns at 99.97% efficiency for hazardous materials, including asbestos.
- 2,250-hour motor: With a 5-year motor warranty.
- Excellent soil recovery: With a recovery rate of 84%.
- Low noise operation: Excellent for daytime cleaning at 49 dB(A).
- Clean hard-to-reach places: With a stainless-steel telescopic wand and accessory tools for above-floor vacuuming.
- Quick change cord system: Easily unplug and replace the cord as needed.

CRQ 370 Canister Vacuum

Compact design providing professional specification and high-filtration with HEPA H13 MicroFilter and all-steel motor power head construction. There is, within many specialized operations, the need for a compact vacuum cleaner that can meet the FED STD 209E Class 10 (M2.5) classification and conforms to BS EN ISO 14644-1 Class 5 classification. In developing the CRQ370 machine, we have taken full account of the advanced high-filtration requirements while, at the same time, ensuring that the machine itself is, in every way, as convenient and user friendly as a standard model.

Filtration	0.3 micron @ 99.97% efficiency ISO Class 5, Cleanroom
Working Capacity	6,000 sq. ft./hr
Noise Level	49 dB(A)
Weight	25 lbs
Capacity	2.6 gal.

Dimensions (W x L x H)	13.39" x 13.39" x 20.67"

HIGHLIGHTS

- Certified HEPA filtration for hazardous dust including asbestos: Filtration down to 0.3 microns at 99.97% efficiency.
- Extended runtime: Delivers 90 minutes of continuous runtime.
- Long-lasting battery: With a 4-year warranty and a life of 2,500 cycles. This is equivalent to 10 years of cleaning, 5 days a week, surpassing the industry standard of 1,000 cycles.
- Excellent soil recovery: With a recovery rate of 79% on high and 77% on low.
- Reaches under furniture and is excellent for above floor cleaning: With stainless steel, adjustable extension wand for hard-to-reach areas.
- LEED-EB compliant.
- Low noise operation: Quietest on the market at 49 dB(A).

CVC 370 Wet/Dry Vacuums

The CVC 370 Charles is a compact and economical wet and dry vacuum that can quickly pick up both dirt and liquids, making it the perfect machine for schools, automotive facilities, and everyday cleaning.

Filtration	0.5 micron @ 98.6% efficiency
Noise Level	61 dB(A)
Weight	19 lbs
Capacity	4 gal.
Motor	1,200 W, 1.6 Hp
Motor Life	1,100 hrs
Water Lift	100"
Airflow	95 cfm
Power Cord	42'
Tank Construction	Polypropylene
Dimensions (W x L x H)	14.96" x 14.96" x 24.61"

FILTRATION
0.5 micron @ 98.6% efficiency

CAPACITY
4 gal. tank

HIGHLIGHTS

- Energy-efficient motor: 1,100-hour motor with 2-year motor warranty.
- Superior filtration: 0.5 microns @ 98.6% filtration efficiency.
- Compact and convenient: Small footprint and handy carrying handle for dumping.
- Quiet enough for daytime cleaning: At 61 dB(A), produces minimal noise.
- Durable tank: 4-gallon polypropylene tank.

CVC 370 Wet/Dry Vacuums

Ease of Use
Convenient on/off switch placement for ease of use.

Wet/Dry Capability
Efficiently vacuums both wet and dry surfaces.

Increased Mobility
42' power cord to help navigate through difficult spaces.

Powerful Brush
Strong suction to help pick up unwanted materials.

CV 570 Canister Vacuum

With the capacity to pick up wet or dry without changing filters, the CV 570 is the ideal vacuum for entryways, lobbies, job sites, schools, and more.

Filtration	0.5 micron @ 98.6% efficiency
Noise Level	64 dB(A)
Weight	34 lbs
Capacity	6 gal.
Motor	1,200 W
Motor Life	1,100 hrs
Water Lift	100"
Airflow	95 cfm
Power Cord	42'

MOTOR CAPACITY
WV 900: 1 X 800 W
WVD 902: 2 X 800 W
motor(s) for quicker pick-up.

WV 900/WVD 902 Wet/Dry Vacuums

A large wet/dry vacuum that sets the industry standard, the WV 900 and WV 902 models have the power and capacity to take on large cleaning jobs.

Filtration	0.5 micron @ 98.6% efficiency
Noise Level	64 dB(A) / 67 dB(A)
Weight	44 lbs / 49 lbs
Capacity	12 gal.
Motor	1,200 W / 2x800 W
Motor Life	1,100 hrs
Water Lift	100" / 90"
Airflow	95 cfm / 180 cfm
Power Cord	42'
Tank Construction	Structural Foam
Dimensions (W x L x H)	18.50" x 18.50" x 26.38"

HIGHLIGHTS

- Structural foam construction is rustproof, durable and backed by a 10-year warranty.
- The WV 900 features one 1,200 watt vacuum motor, while the WVD 902 has two 800 watt motors for when more power is needed.
- Both units feature a dump hose along with a unique tip and pour system for emptying the tank when a floor drain isn't available.
- The wet shutoff assembly features a continuously rotating ball, staying clean and free from debris while protecting the motor.
- Prolong motor life by adding a 13" floor pad to the top of the wet float creating a barrier that prevents foam or stripper from reaching the motor.
- For wide-area cleaning and improved productivity (up to 10,000 sq. ft/hr), a 29" front-mounted squeegee can be fitted.

WV 1800DH/WVD 1802DH Wet Vacuums

These machines are ideal to clean up after floods, water pipe ruptures, drain backups, and industrial spills.

Noise Level	64 dB(A) / 67 dB(A)
Weight	81 lbs / 86 lbs
Capacity	20 gal.
Motor	1,200 W / 1,600 W
Motor Life	1,100 hrs

A42

Easy Quick Change Battery

Enables fast and effortless battery replacements.

Wand

Stainless steel wand won't rust.

Ease of Transit

Ergonomic easy-carry handle and large rear wheels for stability.

Deep Cleaning

Ideal for removing tough stains and providing thorough extraction of embedded dirt and grime.

AV 4X Spotters & Extractors

Lightweight and easy to transport, the AV 4X is the ideal carpet extractor for small areas such as lobbies and hallways.

HIGHLIGHTS

- Stand-up spotter: Eliminates the need to get on your hands and knees to clean spots.
- Three times the coverage of hand spotters: With 11" cleaning path versus 4" hand spotters.
- Easily dump dirty water: Recovery tank easily detaches from the machine.
- Easy to maneuver: Large rear wheels make it easy to move throughout the facility.

AVB 4X Spotters & Extractors

The AVB 4X Pull Back Extractor is a compact powerhouse that will revolutionize your carpet and hard floor cleaning experience.

CLEANING PATH
11"

WORKING CAPACITY
1,000 sq. ft./hr

HIGHLIGHTS

- Professional results on soft and hard surfaces: Cylindrical brush makes it suitable for small carpet and hard surface cleaning.
- Best results on all floor surfaces: Spring loaded brush automatically adjusts brush pressure.
- Three times the coverage of hand spotters: With 11" cleaning path versus 4" hand spotters.
- Tackles spills effectively: With 120" of lift and 106 cfm.
- Easily dump dirty water: Dumping and refilling is a breeze.
- Easy to maneuver: Large rear wheels make it easy to move throughout the facility.

TP 4X Spotters & Extractors

The TP 4X is a high-performing box extractor carpet spotter perfect for carpet spotting, upholstery cleaning, and car detailing.

HIGHLIGHTS

- Low-cost, high performance: With 120" water lift.
- Easily dump dirty water: Dumping and refilling is a breeze.
- Compact and portable: Tanks separate for transporting in vehicles.
- Stand-up wand available: Eliminates need to get on hands and knees to clean spots.

Water Lift	135"
Airflow	95 cfm
Power Cord	50'

CLEANING PATH

20"

WORKING CAPACITY

4,000 sq. ft./hr

HIGHLIGHTS

- Exceptional capacity: Can clean up 4,000 sq. ft. per hour.
- Fully adjustable water flow: Allows for low moisture cleaning and faster drying.
- Cleans multiple surfaces: Optional squeegee and brush change for hard floor cleaning.
- Use anywhere at any time: With a sound level of only 60 dB(A).
- Less user fatigue: Brush assist drive lets the operator simply steer the unit, without having to push the weight of the machine and water.
- Or you have the option of traction drive with the 18AX.

TP 8X Spotters & Extractors

This rugged two-piece roto-moulded polyethylene extractor is a lightweight and easy-to-transport machine.

HIGHLIGHTS

- Can handle large and small jobs: With 120" of water lift and 106 cfm of airflow.
- Features 130 psi pump: And comes with 20-foot vacuum and solution hose.
- Easy to transport: Upper and lower tanks detach into two separate units.
- Powerful 2 HP vacuum motor: With 2-year motor warranty.

TP 18SX Spotters & Extractors

Tackle even the biggest commercial jobs with the TP 18SX – a high-performing carpet box extractor that that's also easy to transport.

HIGHLIGHTS

- Powerful 1.8 HP 2-stage vacuum motor: With 2-year motor warranty.
- Perfect for large commercial jobs: With large 18-gallon tanks, 130-psi diaphragm pump, and 20" vacuum and solution hose.
- Dries carpet effectively: With 135" water lift, ideal for larger restoration jobs.
- Easy to transport: Upper and lower tanks detach into separate units.

Optional Accessories

Steam Mop

Cart for Steamer

Bed Bug Steamer

JS 1600C
Steamers

The JS 1600C power steamer is a super-heated dry steam cleaning machine that vaporizes and kills bacteria from all types of surfaces and equipment. Continuous fill capability allows the addition of water without having to wait for machine to cool down.

Boiler Size	0.3 gal.
Boiler Capacity	1 gal.
Weight	12 lbs

Innovating for a Sustainable Tomorrow

In today's dynamic world, we have a unique opportunity to address energy and resource challenges with innovative solutions. At NaceCare, we recognize our responsibility to respond to these challenges with commitment and innovation.

We are dedicated to delivering high-quality, cost-effective cleaning solutions designed to last. Our products not only enhance cleanliness and safety but also contribute to a healthier living, working, and everyday environment for all.

Our Commitment to Sustainability is Reflected in Our Product Lineup

Resource Conservation

Our product lineup includes options that focus on conserving resources, such as water-saving technologies and energy-efficient cleaning solutions.

Durability and Reliability

We provide reliable, serviceable products built to last, resulting in longer lifespans, less frequent replacements, and minimized waste.

Customer Support and Training

We offer comprehensive training and support to help customers maintain and optimize their equipment. Proper maintenance extends product lifespan, reducing the need for premature replacements and further minimizing environmental impact.

Why Sustainability Matters

Sustainability is crucial for preserving the health of our planet and ensuring the well-being of current and future generations. By choosing NaceCare products, you contribute to reducing pollution and conserving water and energy.

Together, we can create a more sustainable future, one that protects our environment and supports the needs of generations to come.

Building a Resilient and Sustainable Future Together
