

# Designed for Clean Rooms. Built for Confidence.

## CRQ 370 CRITICAL FILTRATION INDUSTRIAL CANISTER VACUUM

The CRQ 370 combines compact design with professional-grade performance. Featuring a HEPA H13 MicroFilter and a robust all-steel motor power head, this vacuum meets strict FED STD 209E Class 100 (M2.5) and BS EN ISO 14644-1 Class 5 standards.

Ideal for specialized operations, the CRQ 370 delivers advanced high-efficiency filtration without compromising ease of use. Enjoy powerful suction, reliable contamination control, and user-friendly handling—all in one compact, durable package.

# ENGINEERED FOR THE MOST DEMANDING CLEANROOM ENVIRONMENTS

## ADVANCED FILTRATION

High-efficiency 5-stage HEPA filtration tested to EN1822 standard.

## TWO HEPA FILTERS

One on the intake air and one on the exhaust.

## CLEANROOM SPECIFICATION FILTRATION

CRQ models fully comply with the international recognized ISO Class 5 Cleanroom filtration specification.

## BUILT TO LAST

Professional specification with all-steel motor power head construction.

## EASY, CLEAN & SAFE EMPTYING

High efficiency, triple-layer HepaFlo filter bags.

## STAY CLEANING FOR LONGER

Huge 2.6 gal. capacity, less time emptying, more time cleaning.

## CAP SAFETY

Two caps on the recovery tank and exhaust filter

INDEX	PART #	IMAGE	DESCRIPTION	QTY
1	601141		Double Taper Hose Tool Adaptor	1
2	601142		240mm Crevice Tool	1
3	601144		65mm Soft Dusting Brush	12
4	601145		150mm Upholstery Nozzle	1
