

WHY NACECARE?

EDUCATION

Beyond Clean.

BUILT FOR CUSTODIANS & FACILITIES TEAMS

Custodial and facilities teams are the backbone of every school and campus. We design every product with them in mind.

Quick-Change Batteries

Swap in seconds to keep cleaning across shifts without downtime.

Simple Controls

No guesswork, no steep learning curve — just press and clean.

Versatile Tools

Purpose-built attachments for classrooms, labs, gyms, dining halls, and more.

Lightweight & Ergonomic

Reduce strain and fatigue while covering more ground.

Time Savings

Smarter designs mean less prep, less maintenance, and more cleaning done in less time.

WHY NACE CARE?

From classrooms to cafeterias, lecture halls to labs — educational facilities of every size, demand reliable cleaning equipment that keeps up with high traffic and long hours. NaceCare delivers solutions built for both custodial teams and administrators.

Protects Health

Industry-leading filtration improves air quality and health for students and staff.

Durable & Reliable

Rugged construction stands up to daily use in demanding, high-volume environments.

Education & Small Space Ready

Compact, versatile designs handle crowded classrooms, residence halls, and large common areas.

Easy Training & Support

QR code videos in multiple languages streamline onboarding and maintenance.

Quiet Operation

Low-decibel machines enable cleaning during school hours or overnight without disruption.

Lower Lifetime Costs

Long-life components and reduced maintenance deliver lasting value and budget savings.

Cord-Free Convenience

Award-winning battery technology powers safe, flexible, and efficient cleaning.

K-12

Smarter Cleaning for Smaller Spaces.

Custodians battle crowded classrooms and constant mess—our small-space machines clean faster, safer, and with less strain.

Classrooms

The Ultra 45 delivers powerful, quiet cleaning to keep busy classrooms spotless without disrupting the school day.

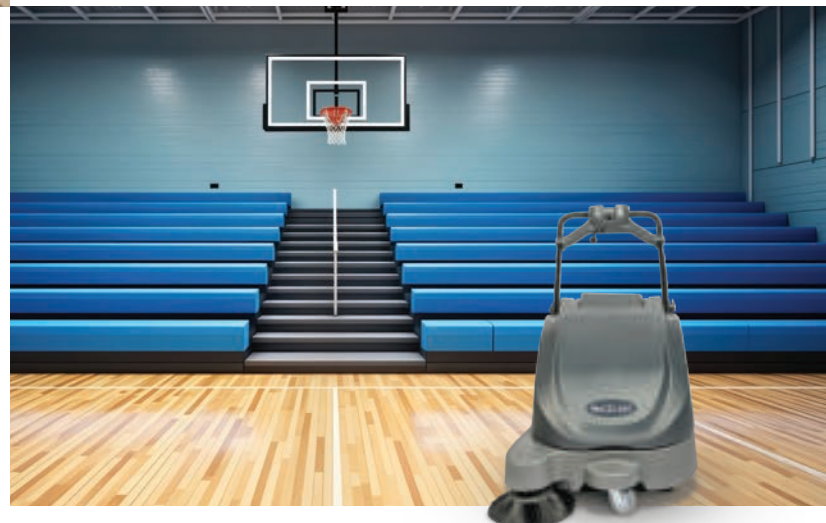

Cafeteria & Kitchen

The Duplex 420 Steam delivers deep cleaning and sanitization without harsh chemicals, cutting labor time and costs while creating a safer, healthier environment for students in high-use common spaces.

Gymnasium & Weight Rooms

The NC5 Sweeper replaces the need for traditional dust mopping. Ramp up your focus on better cleaning results and improved air quality with this battery operated machine.

POST-SECONDARY

Clean More. Cover More. Campus Ready.

Flexible solutions built for every corner of campus life—reducing labor, extending uptime, and raising cleaning standards.

Lecture Halls

Battery backpacks make it easy to cover large seating areas quickly and comfortably, reducing strain on staff while keeping lecture halls clean and ready for every class.

Kitchen & Dining Areas

The 244NX provides compact, cordless scrubbing to tackle heavy traffic with speed and efficiency.

Residences

Dorm rooms can be a challenge to maintain. Upright vacuums with advanced filtration improve air quality and cleanliness for healthier living environments.

WHY IT'S IMPORTANT FOR SCHOOLS & CAMPUSES

Clean, safe, and sustainable environments protect student well-being, learning, and institutional reputation. With NaceCare, you gain:

Healthier Spaces

Filtration reduces allergens, dust, and airborne particles.

Higher Productivity

Equip teams to clean faster, more thoroughly, and with fewer interruptions.

Low Noise Levels

For learning-friendly environments, disturbance free daytime cleaning.

Sustainability

Energy-efficient batteries, reduced chemical use, recycled materials used and less waste.

Ongoing Support

Training, service, and accountability at every step.

Certifications

Canister vacuums are CRI approved and LEED-B compliant.

WE HELP YOU DO MORE WITH LESS

At NaceCare, we're more than equipment providers — we're partners in keeping schools and campuses at their best.

- Customized equipment recommendations for your facilities
- On-site training and responsive service support
- QR-code access to multilingual training and maintenance resources
- Future-ready battery systems designed for continuous uptime

Let's talk about how NaceCare can help your institution shine.
