PRODUCT KEY

Lithium-ion

NX300 batteries have a cycle life of 2,500+ cycles, far exceeding the industry standard. Interchangeable across our NX300 lineup, our “one battery, one charger, one system” solution offers convenience along with performance.

Sustainable Products

Longer-lasting batteries reduce waste and material consumption. Our products, featuring NX1K Lithium Phosphate and Lithium-ion Technology, offer a more sustainable solution by minimizing environmental impact and maximizing efficiency.

Nu-Assist

Cleaning Support That Never Sleeps.

Nu-Assist provides 24/7 multilingual training and troubleshooting to keep your equipment running. Access quick start guides, maintenance, and step-by-step solutions from any mobile device—so your team stays productive and downtime stays low.

Discover the NX300 Network One Battery, One Charger, One System

The NX300 Network is transforming commercial cleaning.

The NX300 battery powers 12 different machines under one system – from backpack and canister vacuums to compact scrubbers. Using a single battery and charger system reduces costs and boosts productivity by allowing quick battery swaps between products.

Delivering up to 2,500 charge cycles, more than twice the industry standard, the NX300 is built for the long-haul. Discover a consistent, convenient and powerful cleaning experience!

LITHIUM-ION

NX300 BATTERY

The Power that Drives the Productivity

The NX300 Lithium-ion saves you valuable time and money, delivering an impressive number of cycles. Experience a remarkable 60% increase in available energy, the result of extensive research and development into our innovative 30-cell battery design.

HIGHLIGHTS

One Battery Powers All

A single battery and charger system powers all NX300 products, reducing costs and improving convenience and productivity.

1-Hour Fast Charge is More Sustainable

Recharge to 80% in just one hour and 100% in two.

Longevity

The NX300 delivers over 2,500 charge cycles, equivalent to 10 years of cleaning, 5 days a week.

Run Time

Each product in the NX300 range is engineered to provide the right balance of run time and power.

THE NX300 NETWORK

One battery, one charger, one system. The NX300 lithium-ion battery guarantees optimal power across 2,500 charge cycles, maximizing operational time and reducing costs.

WORKING CAPACITY
10,000 sq. ft./hr

RUN TIME
Up to 90 mins

HIGHLIGHTS

- Extended runtime: Delivers 90 minutes of continuous runtime.
- Long-lasting battery: With a 4-year warranty and a life of 2,500 cycles. This is equivalent to 10 years of cleaning, 5 days a week, surpassing the industry standard of 1,000 cycles.
- Excellent soil recovery: With a recovery rate of 79% on high and 77% on low.
- Reaches under furniture and is excellent for above floor cleaning: With stainless steel, adjustable extension wand for hard-to-reach areas.
- Exceptional filtration: Provides superior HEPA filtration for non-hazardous material.
- Carpet and Rug Institute (CRI) Silver approved: When used with battery power head option.
- LEED-EB compliant.
- Low noise operation: Quietest on the market at 49 dB(A).

NX300

NBV 240NX Battery Canister Vacuum

Wand and Tool Docking System

Securely holds accessories for quick and easy access.

NX300

RBV I50NXH HEPA Battery Backpack Vacuum

TriTex Filter
Traps fine dust within its high-efficiency, triple-layer membrane filter. Meets all LEED-EB requirements.

HEPA13 Filter Cartridge
Certified HEPA13 filtration down to 0.3 microns at 99.97% efficiency. The most advanced filtration in our commercial vacuum series.

Filters:
Allergens
Asbestos
Mold Spores
Lead Dust
Chemical Residues
Biohazards
Smoke Particles

Triple-layer HepaFlo Filter Bag
Advanced, 3-stage filtration system cleans and traps fine dust, including allergy triggers and pathogens, eliminating the risk of recirculation and exposure.

CTB 370NX

Battery Carpet Spotter/Floor Cleaner

The CTB 370NX is your go-to solution for spray, scrub and extraction. Whether you're tackling spills or simply cleaning stairs, gyms, restrooms, supermarkets or food courts, the CTB 370NX can spot carpet or clean hard floors.

0.26 gal.

RUN TIME

Up to 120 mins

HIGHLIGHTS

- Designed for Demanding Commercial Use
- Replace Mopping in Hard-to-Reach, Congested Areas
- Save over 5000L of Water & 80% Chemical Reduction
- Made Using 30% Recycled Plastic
- NX300 Pro Cordless Network

The 220NX turns 360 degrees, in any direction, on a single point, giving it the agility and maneuverability to access areas other machines cannot.

NX300

NCC 220NX

Ultra-Compact Battery Scrubber

Easy Empty & Fill

Hassle free emptying and refilling keeps operators moving and minimizes downtime between tasks.

Simple Battery Exchange

Swap batteries in seconds, keeping machines running with virtually no interruption to productivity.

Convenient Foot Operation

Eliminates frequent bending to engage deck and squeegee.

2,500 Charge Cycles

Lithium-ion battery delivers long-lasting power and performance: equivalent to 10 years of cleaning, 5 days a week.

Fits into Tight Spaces

Clean around fixtures, aisles, and confined areas where larger machines cannot.

NUC 440NX

Ultra-Compact Battery Scrubber

Ditch the mop for good! This ultra-compact battery scrubber features game-changing NX300 battery technology and combines scrubbing and drying in a single pass – cleaner, better, and faster than traditional mopping.

Cleaning Path	18"
Pad or Brush Size	(2x) 9"

Sustainability at NaceCare: Committed to a Better Future

Innovating for a Sustainable Tomorrow

In today's dynamic world, we have a unique opportunity to address energy and resource challenges with innovative solutions. At NaceCare, we recognize our responsibility to respond to these challenges with commitment and innovation.

We are dedicated to delivering high-quality, cost-effective cleaning solutions designed to last. Our products not only enhance cleanliness and safety but also contribute to a healthier living, working, and everyday environment for all.

Our Commitment to Sustainability is Reflected in Our Product Lineup

Resource Conservation

Our product lineup includes options that focus on conserving resources, such as water-saving technologies and energy-efficient cleaning solutions.

Durability and Reliability

We provide reliable, serviceable products built to last, resulting in longer lifespans, less frequent replacements, and minimized waste.

Customer Support and Training

We offer comprehensive training and support to help customers maintain and optimize their equipment. Proper maintenance extends product lifespan, reducing the need for premature replacements and further minimizing environmental impact.

Why Sustainability Matters

Sustainability is crucial for preserving the health of our planet and ensuring the well-being of current and future generations. By choosing NaceCare products, you contribute to reducing pollution and conserving water and energy.

Together, we can create a more sustainable future, one that protects our environment and supports the needs of generations to come.
