

NX300 | LITHIUM-ION

220NX

Ultra-Compact Battery Scrubber

Small size big payback

Switching to a 220NX for just 30 minutes a day instead of mopping enables big savings.

Easy Empty & Fill

Hassle free emptying and refilling keeps operators moving and minimizes downtime between tasks.

Simple Battery Exchange

Swap batteries in seconds, keeping machines running with virtually no interruption to productivity.

Convenient Foot Operation

Eliminates frequent bending to engage deck and squeegee.

2,500 Charge Cycles

Lithium-ion battery delivers long-lasting power and performance: equivalent to 10 years of cleaning, 5 days a week.

Fits into Tight Spaces

Clean around fixtures, aisles, and confined areas where larger machines cannot.

LITHIUM-ION

CLEANING PATH

8.7"

TANK CAPACITY

0.26 gal.

RUN TIME

Up to 120 mins

220NX

Ultra-Compact Battery Scrubber

The 220NX delivers the performance of a much larger scrubber in an ultra-compact package. It can access areas currently cleaned by mopping alone; bringing improved results and savings on labor costs.

Designed and built to deliver durable quality with affordability, the 220NX provides unparalleled value without compromising performance.

Cleaning Path	8.7"
Brush Speed	140 rpm
Power	36 V
Noise Level	70 dB(A)
Tank Capacity	0.26 gal.
Water Flow	Avg. 20 mins/tank
Recovery Capacity	0.4 gal.
Coverage Per Tank (Eco)	Up to 3,660 sq. ft./hr.
Runtime	Up to 120 mins
Charge Time	1 hour-80% / 2 hours-100%
Weight 37.5 lbs	37.5 lbs
Dimensions (W x L x H)	14.96" x 20.87" x 45.67"

HIGHLIGHTS

- Designed for Demanding Commercial Use
- Replace Mopping in Hard-to-Reach, Congested Areas
- Save over 5000L of Water & 80% Chemical Reduction
- Made Using 30% Recycled Plastic
- NX300 Pro Cordless Network

The 220NX turns 360 degrees, in any direction, on a single point, giving it the agility and maneuverability to access areas other machines cannot.
