

WHY NACECARE?

LONG-TERM CARE

NACECARE™
SOLUTIONS
Beyond Clean.

Care for Those
Who Matter Most.

THE ROOM-BY-ROOM ADVANTAGE

Smart Tools for Every Surface,
Every Staff Member, Every Shift.

Adapts to Any Resident Room

From tile and carpet to vinyl flooring and upholstered surfaces, today's LTC rooms require versatile solutions. NaceCare's multi-surface vacuums and micro scrubbers clean it all—reducing the need for multiple machines on each cart.

Housekeeping Under Pressure

With many cleaners battling competing priorities, speed is essential—but not at the expense of quality. Our cordless, lightweight, and compact machines help teams clean faster with less fatigue—especially under beds, around tight furniture, and across multiple surfaces.

Defend Against Bed Bugs

Our HEPA vacuums and specialty steamers effectively remove dust, debris, and early-stage pest threats—providing an essential first line of defense against bed bugs.

Built for Tight Spaces

With most models under 20 inches wide, our equipment is purpose-built for tight spaces, allowing for efficient cleaning around beds, nightstands, and furniture-dense areas.

Clean That Residents Notice

Residents notice the details. That's why our machines provide hospital-grade filtration and visibly superior results—because even a single stray hair can affect a resident's perception of cleanliness.

DISCOVER THE NACECARE DIFFERENCE

Engineered for LTC

Purpose-built for cleaning professionals, with ergonomic designs, fast-change batteries, and ultra-compact models.

Proven Performance

Trusted by some of the world's leading LTC providers to keep residents healthy and safe.

From Quick Clicks to Real-Time Fixes

With video training, multilingual QR-code support, and a nationwide service network, your team is always supported.

Lower Operational Cost

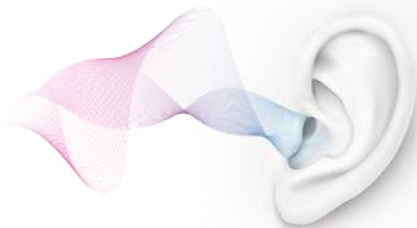

Durability drives less downtime and higher productivity.

SOLUTIONS FOR EVERY SQUARE FOOT

From Lobbies to Treatment
Rooms—Clean More, Faster.

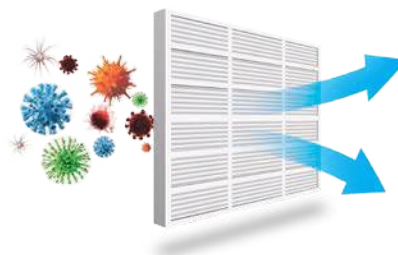

For long-term care and retirement homes, NaceCare delivers high-productivity extractors and scrubbers that handle large spaces—without sacrificing maneuverability, quiet operation, or energy efficiency.

OUR EQUIPMENT FEATURES:

Low Noise Levels

for resident-friendly, disturbance
free daytime cleaning

Advanced Filtration

for improved air quality while minimizing
dust and driving labor savings

Advanced Technology Batteries

with a four-year warranty and extended run
time, creating long-term value

Energy Efficient

for environmental friendliness

DINING FACILITIES: CLEANED RIGHT, FRONT TO BACK

When Clean Is Your
Brand, Trust the
Tools Behind It.

For LTC, speed and consistency are everything—especially when staff are the ones doing the cleaning. NaceCare's compact, easy-to-use machines help maintain high standards with minimal effort.

Dining Spaces

Quiet, discreet tools for touch-ups during service and quick resets between shifts.

Kitchen & Food Prep

Tough, grease-resistant scrubbers and wet vacs tackle spills, grout, and slick tile.

Resident Rooms

Our sustainable equipment effortlessly navigates small spaces, eliminating the need to move furniture and helping reduce employee fatigue.

WHY NACECARE?

In long-term care, resident comfort and safety are everything. A spotless room, a shining lobby, or a freshly cleaned restroom can instantly impact resident's health. At NaceCare, we specialize in compact, high-performance cleaning solutions designed for high-traffic, space-constrained environments. Whether it's a long-term care facility or a retirement home, our equipment ensures your floors, carpets, and upholstery keep focused on what's important—your residents.

At NaceCare, we design durable, efficient products that reduce waste and conserve resources. Our commitment to sustainability extends through every solution and the support we provide.
